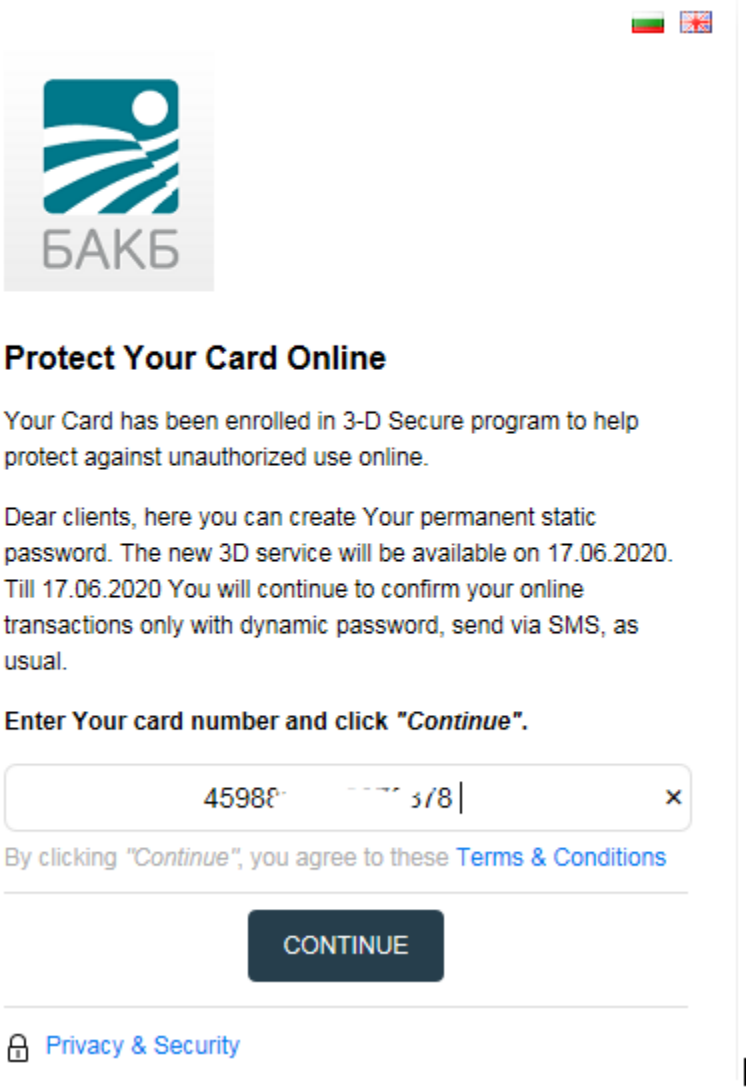
GUIDELINES FOR CARD REGISTRATION FOR TWO FACTOR AUTHENTICATION WITH DYNAMIC AND STATIC PASSWORD

Dear clients,
In order to register your card on BACB 3D Customer Profile Page, you have received temporary 3D secure static password with the PIN in envelope or by SMS. Please follow the steps below:

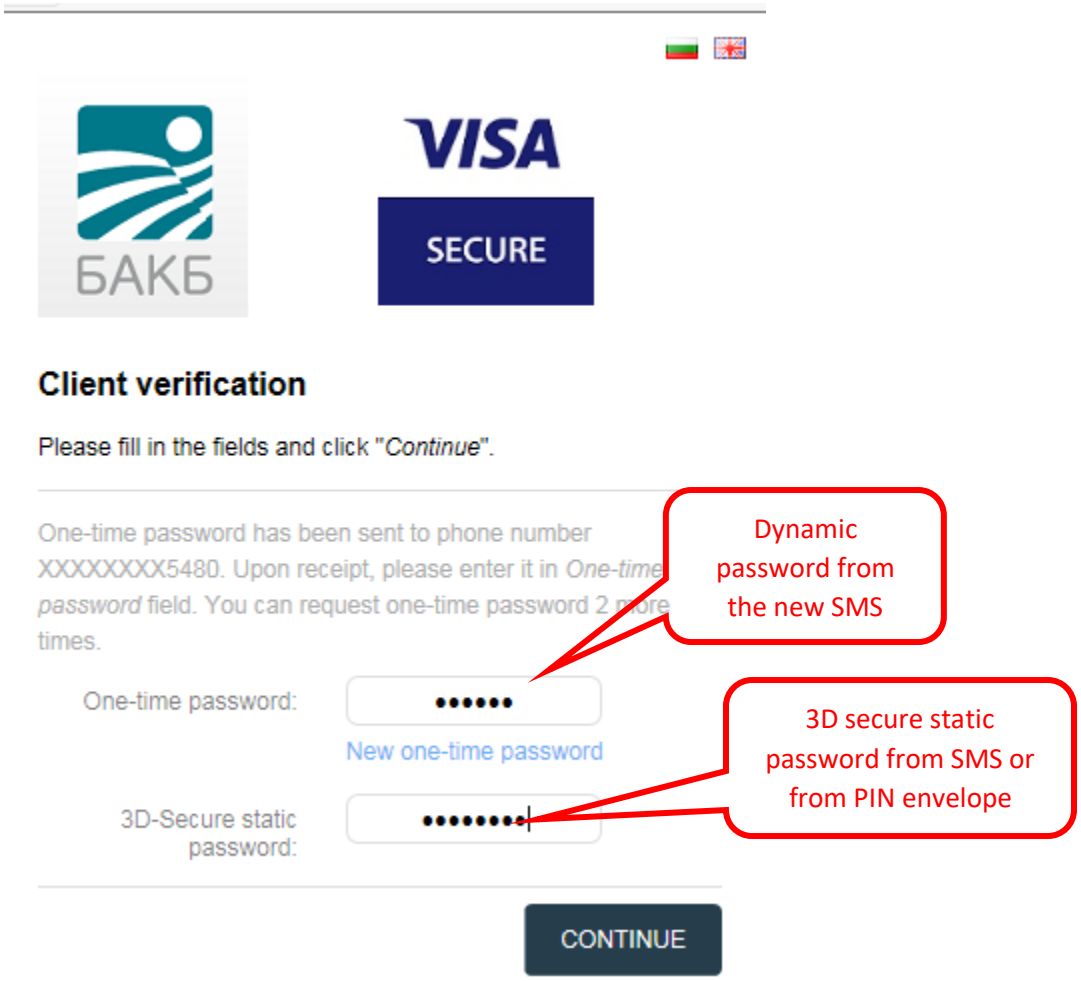
1 STEP: Access link: https://3ds.borica.bg/BACB

- On the first screen Input full card number for which you have already received temporary 3D secure static password for registration;
- Press button „Continue“;
- You will receive SMS with dynamic one-time password of 6 digits, which is to be used in STEP 2



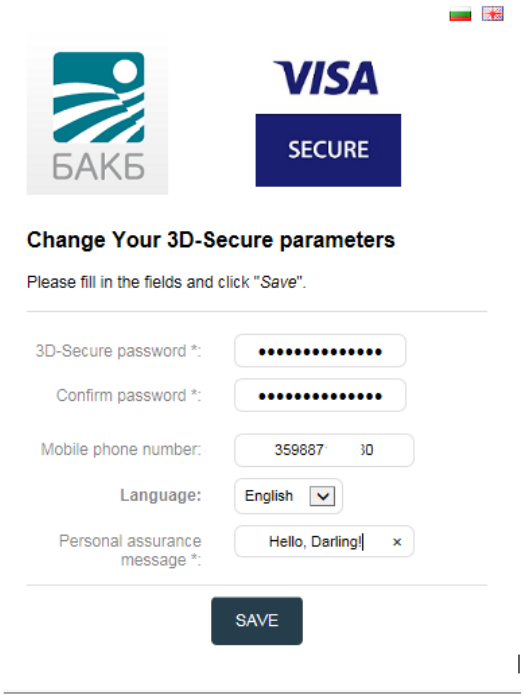
2 STEP:

- **In the first field input the dynamic one-time 6-digits password, sent to your mobile phone by the new SMS!**
- **In the second field input the initially received temporary 3D secure static password – it contains 8 letters and digits!**
- Press button „Continue“

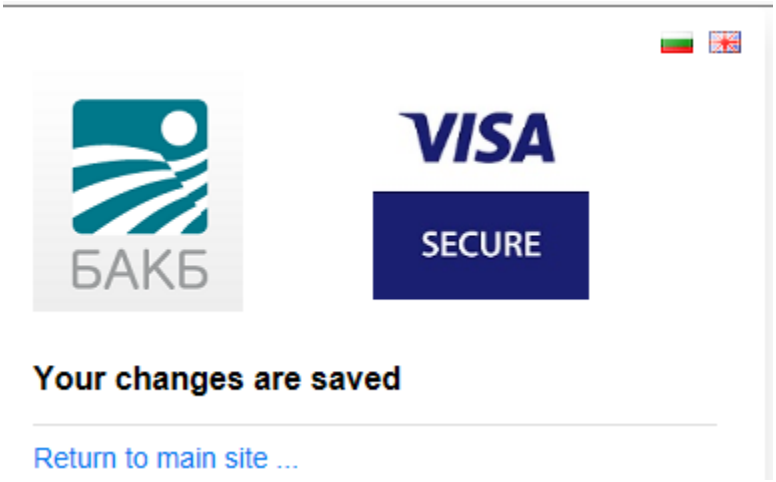


3 STEP:

- **Create your own static password;**
- **Confirm the created password again;**
- **Select language of the menu;**
- **Enter a personal message for validation of your identity, which will always appear when paying online!**
- Press button „Continue“



If all the credentials are entered correctly, you should receive a message on the screen that the registration is successful!



Please, don't forget to set the language and personal message on step 3!!!

You may contact us by phone: +359 2 9058 364, 326, 312, or by email: cards@bacb.bg.
